

Flip-N-Squeeze®

Hinged Dispensing

Double Wall Flip Top Closures

Ideal for squeezable condiments, the Flip-N-Squeeze® Closure offers controlled dispensing for products like jams, jellies and mayonnaise. With a ribbon orifice, products are easily dispensed onto foods eliminating the need for consumers to utilize an additional utensil when spreading.

The lid is easy to open and close with just one hand, and it stays open, keeping it from interfering with dispensing.

Ideal Markets:

Jams, jellies, mayonnaise, ketchup, mustards and other squeezable condiments
